Attached is the famous Memorandum of Understanding between ourselves and the Air Force. Jerry Keeling has had it and it is now approved by him for the Air Force. It requires, I believe, staffing out with you, the DDA, and Mr. Bissell, prior to signature by the DCI (or Mr. B) and by someone in the Air Force. Copy 6 is included for staffing out signatures, if desirable, or a special attachment sheet can be appended. The original, I believe, should not include the staff signatures.

Will you review it, and if approved, sign same and coordinate it with the DDA. Mr. Bissell will not be back until 17 April.
